The **mission of SIDRONS** is to be one of the worlds leading producers of decorative glass, and engineered surfaces. Using advanced technology, our distinct Italian heritage, and imaginative design, we will create inspiring surfaces that enable dreams for beautiful and sustainable environments. Through our commitment to this mission we will provide a responsible future for our company, people, customers and planet.

Original interpretations of materials, unconventional combinations of shapes and unusual colour harmonies convey the creative spirit of Trend, a lively forerunner of new trends.

Past and future, tradition and innovation create exclusive solutions able to embody the most various expressions of contemporary decoration.

The Liberty collection celebrates a style evoking the continuous pursuit of freedom. Metallic shimmering caresses the surface of hand-cut glass, blending with the brightness of reflected light enhanced by its depth which is its most fascinating decorative element.
